THE death of Daniel Lamont at Millbrook, N. Y., recalls the rapid rise of a young man in life. He was a poor newspaper man when President Cleveland made him his private secretary in 1885. He filled the place with such signal ability that when Mr. Cleveland was elected the second time he made him secretary of war. At the time of his death Mr. Lamont was vice president of the Northern Pacific Railway, and a director and trustee in many railroad and financial corporations. He leaves a widow and two daughters.

SENATOR MITCHELL, of Oregon, convicted of using his office of United States Senator to further the law practice of the firm of Mitchell & Tanner, was sentenced to pay a fine of \$1,000 and six months' penal servitude. Pending a review of the case by the supreme court of the United States, execution of the sentence will be deferred. In the meantime Mitchell will be placed under bail to the amount of \$2,000. Pretty tough on a member of the "greatest deliberative body on earth."

THE Empress of Russia spends \$10,000 a year on perfumes, pastes, soaps and toilet waters, which she has sent to her exclusively from the French capital. Evidently the empress has an impression that she is not naturally as sweet as the attar of roses.

POLITICAL.

Secretary Taft and his party were given a regular Fourth-of-July welcome by the Japs at Yohohoma.

"Roaring Bill" Sweeney, of Lebanon, has been chosen by Col. C. M. Barnett, Surveyor of the Port, to succeed Sidney J. Snook as chief deputy.

Smarting under the exhortation of the Rev. Mr. Shaw concerning the enforcing of the cigarette law, Gov. Hanly, of Indiana, invited the secretary of the Anti-Cigarette League to a conference. Mr. Shaw says he will present himself to the Chief Executive, though he has nothing to retract.

It is claimed that there is more cigarette smoking now than before the enactment of the prohibition measure in Indiana. Secretary Shaw, of the Anti-Cigarette League, in a bitter arraignment of Gov. Hanly, for alleged failure to enforce the law, says that the tobacco trust must be highly pleased at the Governor's policy.

The democratic executive committee of Franklin county decided the Taylor-Johnson legislative contest in favor of the contestee. The action was by a unanimous vote, and is that the old committee very properly gave the certificate of nomination to Mr. Johnson. The real fight was between Paynter and Blackburn and the result of the contest is a victory for Judge Paynter.

Inspector Henry A. Hines, in a report made to Gov. Beckham on information furnished by Floyd Day, of the Swann-Day Lumber Company, sets forth that A. M. Harrison, revenue agent for the State-at-large, mulcted that concern out of \$1,520. This money, it is alleged, was paid to Edward Oder, of Lexington, who claimed to be acting as the agent of Harrison. Inspector Hines is working up other alleged cases, and is said that developments involving one of the most prominent men in the State may be shortly expected.

Here and There.

The list of the dead of the Bennington now numbers 62.

More violence has occurred as a result of the teamsters' strike at Chicago.

At Union Hall, Va., United States Deputy Marshal Z. T. Wade was shot and killed by a Negro moonshiner.

Ex-State Senator W. E. Finch, of Somerset, Ohio, and his wife were killed by a natural gas explosion at their home.

The Delmar Jockey Club filed suit in the St. Louis Circuit Court for \$25,000 damages against Gov. Joseph W. Folk, the members of the St. Louis Board of Police Commissioners and Chief of Police Kiely, alleging trespass. The suit is based on the raid of the city police force at Delmar. The track is located in St. Louis county, and the plaintiffs deny the authority of the city police in the county jurisdiction.

Aimar Sato, official spokesman for the Japanese peace mission, said in New York that Japan would ask a moderate indemnity of Russia, and that he believed peace would be successfully negotiated. In discussing the so-called yellow peril, Mr. Sato said Japan would not have the Philippine Islands as a gift, even though a bonus accompanied the gift. He declared that Japan's one idea was to maintain the "open door."

A convention attended by delegates from 65 of the 66 municipalities in Porto Rico met in San Juan for the purpose of memorializing Congress to amend the scheme of government for the island. The chief complaint seems to be that too much power is vested in the Executive Council, members of which are appointed by the President of the United States, and who come to the island ignorant of its customs, of the conditions that prevail and of the needs of the people.

The Diamond Cure.

The latest news from Paris, is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn. "I had a cough for 14 years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief and effected a permanent cure." Unequaled quick cure for Throat and Lung Troubles. At G. L. Penny's, Stanford, Lyne Bros., Crab Orchard; price 50c and \$1, guaranteed. Trial bottle free.

A girl of 15 gets up in the morning, eats her breakfast which her mother has prepared, goes up stairs and takes care of her room, and then goes down town, sometimes taking two hours to buy a spool of thread. She eats dinner which her mother has prepared, wears clothes her mother has made, spends the afternoon reading story books or gadding with her friends, eats supper her mother has prepared, and spends the evening with her girl friends. She has done nothing wicked all day, and her mother is satisfied she is bringing her up right. But is she?—Ex.

CONSUMPTION'S WARNING

The aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Boschee's German Syrup, which is made to cure consumption.

It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration. But no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.
